## [Couplet 1]

As you promised me that I was more than all the miles combined  
 You must've had yourself a change of heart like halfway through the drive  
 Because your voice trailed off exactly as you passed my exit sign  
 Kept on drivin' straight and left our future to the right  
 Now I am stuck between my anger and the blame that I can't face  
 And memories are somethin' even smoking weed does not replace  
 And I am terrified of weather 'cause I see you when it rains  
 Doc told me to travel, but there's Covid on the planes.

## [Couplet 2]

So I thought that if I piled something good on all my bad  
 That I could cancel out the darkness I inherited from Dad  
 No, I am no longer funny 'cause I miss the way you laugh  
 You once called me "forever," now you still can't call me back.
